

Drove onto the beach at high speed
30,500 Lt. OTR Tanker –
Placarded 1202
Flammable Liquid - 3

Cozumel Mexico

June 2007

The Tanker was on the Beach!

The tanker was here on the beach, not leaking...

This time it was empty...

Fortunately the saddle tanks didn't leak...this time.

JUN 3 2007

DOT 1202 – Diesel (?)

What if this had been leaking?

What if it had been on fire?

What if this occurred in El Centro?
